ROCK YOUR SOCKS WITH US!

TOGETHER TO INCREASE KNOWLEDGE AND END THE STEREOTYPES.

PUT ON DIFFERENT AND UNIQUE SOCKS ON

WORLD DOWN SYNDROME DAY 21 MARCH 2024

World Down Syndrome Day was established by the United Nations in 2011 and is celebrated all over the world. The date 21.3. is not random. Having Down's syndrome means having 3 chromosomes of the type chromosome 21.

The day is celebrated, among other things, by putting on different socks:

Rock your socks!

With different socks you stand up to promote diversity and break down prejudices.

In collaboration with Dagsverk for Down, Livet med Downs og Veslas Koffert
